## THIRTY-SIXTH ANNUAL REPORT OF THE TRUSTEES

Chicago, January 1, 1915.

*To the Governing Members of the Art Institute  
of Chicago:*

At the Annual Meeting of the Trustees of The Art Institute of Chicago held last June the by-laws of the Institute were amended so that our fiscal year now coincides with the calendar year. This report therefore covers a period of only seven months.

GOVERNING MEMBERS.—During this term the following Governing Members have been elected: William T. Fenton, Ezra J. Warner, Jr., Ralph Van Vechten, Frederick Bode, Clayton Mark, Louis E. Laflin, William L. Brown, James Deering, Henry J. Patten, James P. Gardner, Robert G. McGann and Jens Jensen. We have lost from our Governing Members by death, Samuel M. Nickerson, C. J. Singer and Thomas A. Griffin, and by resignation, Franklin H. Head and N. P. Bigelow. Our Governing Membership now numbers one hundred and sixty-three, as against one hundred and fifty-six on June 1, 1914.

In the death of Mr. Nickerson, the Institute lost one of its earliest and most devoted friends, and

THE ART INSTITUTE OF CHICAGO

at a meeting held in August the Trustees ordered the following resolutions to be spread upon the records:

"With deep regret the Trustees of the Art Institute record the death of their associate, Samuel M. Nickerson, who died at Brewster, Mass., on July twentieth, 1914.

"Mr. Nickerson was a Trustee of the Art Institute from its organization in 1879, until the time of his death. From its foundation both he and his wife, Matilda P. Nickerson, were deeply interested in its welfare. In 1900 they presented to the Art Institute their valuable collection of bronzes, jades, lacquers, porcelains, paintings and prints now installed in the two galleries bearing the name of the donors.

"This gift is one of the two most valuable and conspicuous benefactions of which the Art Institute has been the recipient up to the present time. It has given pleasure and inspiration to thousands of our citizens, and will lead them as it does us, to hold ever in grateful remembrance the names of the generous donors. The interest of Mr. and Mrs. Nickerson did not cease with their generous gift, but was a personal one, continuing until their deaths. It has greatly encouraged the Trustees, who wish here to express their gratitude and esteem."

## REPORT OF THE TRUSTEES

BEQUESTS.—A number of bequests have fallen to the Art Institute, one amounting to \$100,000 from Alexander A. McKay, a Life Member of the Institute, who died in New York on November 10. The income from this fund is to be used for the maintenance and the enlargement of the Munger Collection of Paintings. Mr. McKay was a nephew of Albert A. Munger, who in 1898 bequeathed to the Art Institute his valuable collection of paintings.

Another bequest will come from Mr. Samuel M. Nickerson, amounting to \$50,000. According to the terms of this gift the income only can be used for the permanent care of the Nickerson Collection, and for the purchase of such objects as the Trustees of the Art Institute may wish to add to it.

Mr. Frederick R. Pfeifer died August 29, 1914, leaving an estate valued at \$73,000. The estate is left in trust to the Northern Trust Company, the income to be paid to one beneficiary during her life. At her death the income is to be added to the principal for a period of ten years; at the end of that time one-third of the income will be paid to the Art Institute and two-thirds to Lewis Institute.

MUSEUM COLLECTIONS.—A complete list of the accessions to the permanent collections of the Museum will be found attached to this report. Among the most important acquisitions are six paintings

## THE ART INSTITUTE OF CHICAGO

presented by the Friends of American Art. This association has also given to the Museum the group of sculpture by Lorado Taft, entitled "The Solitude of the Soul," which Mr. Taft was commissioned to put into marble several years ago. The Antiquarian Society, as usual, has been generous in its gifts and has added to the permanent collection furniture and textiles. The ceramic collections have been enriched by the additions made to the Amelia Blanxius Collection by Mrs. Emma B. Hodge, and by Mr. Pell's gift of eighty pieces of Continental and English porcelain to be added to the Alfred Duane Pell collection.

MUSEUM BUILDING AND GROUNDS.—The steady growth of the permanent collections of the Institute and the increase in the number of special exhibitions make additional space necessary. No exhibition rooms have been added since 1909 when the east galleries were completed. It is now twenty-three years since the first portion of our present building was erected at an expense of \$600,000. During these years there have been additions, alterations, and improvements which have now brought the cost of the building up to \$1,295,015.56. The Trustees of the Institute hope to enlarge the present building in the near future.

SCHOOL.—The School of The Art Institute is attended by three thousand students during the

## REPORT OF THE TRUSTEES

year. Thorough and practical instruction is given in drawing, composition, modeling, illustration, commercial art, sculpture and painting. The curriculum includes a four-year course in architecture and a three-year course in designing and a three-year course in normal training. The School also maintains a Saturday class for children and for advanced students. The value of the School is abundantly attested by the large number of artists, sculptors, architects, designers, illustrators, commercial artists and supervisors of drawing that have been educated in it. In addition to the day classes, the School also maintains evening classes three times a week. During the past year the Trustees have appointed from their number a School Committee, consisting of Frank G. Logan, Wallace L. DeWolf and William O. Goodman.

**PUBLICATIONS.**—The Bulletin of the Art Institute, which has been published quarterly for the past seven years, will in the future be published monthly from October to May, inclusive. The Trustees have appointed a Publication Committee consisting of William O. Goodman and Clyde M. Carr.

**STAFF.**—In June last, Mr. Newton H. Carpenter, who has been secretary of the Art Institute since the year 1881, was appointed Director pro tem. Since the death of Mr. French he has been dis-

charging the duties of this office in addition to those of the Secretary. Other appointments made by the Trustees during the year have been: Theodore J. Keane, Dean of the School; John E. Hasfurther, Registrar of the School; Sarah Louise Mitchell, Librarian; Bessie Bennett, Curator of Decorative Arts; and Grace M. Williams, Membership Clerk. There have been no other important changes in the staff.

ENDOWMENT FUNDS.—The endowment funds of the Art Institute on June 1, 1914, amounted to \$610,007.80. Since that time additions have been made as follows:

|                                   |            |
|-----------------------------------|------------|

| Total .....                       | \$8,291.86 |

The total funds now amount to \$618,299.66 as itemized in the Treasurer's report. To this sum there will be added in the near future

- \$100,000 from the Alexander A. McKay bequest.
- 50,000 from that of Samuel M. Nickerson.
- 30,000 from that of Miss Martha S. Hill.
- 10,000 from that of Byron L. Smith.
- 10,000 from that of Frederick W. Crosby.

in all \$200,000. Two additional bequests, one of the George W. Sheldon Estate, \$200,000, and the other of Frederick R. Pfeifer, estimated at \$35,000, will come to the Art Institute after the death

## REPORT OF THE TRUSTEES

of the beneficiaries who enjoy the income from these funds during their lives.

There has been no loss of either principal or interest in the invested funds of the Institute since 1892. Neither is there any principal or interest overdue.

At a meeting of the Trustees held on August 12, Mr. A. A. Sprague, having contributed more than \$25,000 to the work of the Art Institute, was made a Benefactor of the Art Institute.

On June 1 the income from endowment funds amounted to \$12,631.70. To this was added, through the year, \$14,517, making the present total \$27,148.70. Out of this income the following amounts have been expended:

leaving an unexpended balance on January 1, 1915, of \$7,565.72.

THE ART INSTITUTE OF CHICAGO

**LIABILITIES.**—The indebtedness of the Art Institute on June 1, 1914, was \$237,602.99, which has been reduced by payment during the year of \$11,095.30. The present indebtedness therefore is \$226,507.69. This indebtedness was incurred for

From this statement it will be seen that while the receipts available for the Museum have been sufficient to meet the expenses during the past seven months, the School receipts have not covered expenses. Here there was a deficit of \$6,212.46. This deficit is due to the fact that the period includes the summer months, and the month of December when the receipts of the School are smallest. (The tuition receipts in the first week in January amounted to more than this deficit.)

MEMBERSHIP.—During the past seven months there has been a very satisfactory increase in membership. Eleven hundred and eighteen new Annual Members have been added, while three hundred and thirty-eight have discontinued their memberships. The net gain has been seven hundred and eighty. There has been an increase of fifty-seven

The Life Membership and Governing Life Membership fees are held as a permanent endowment fund. The interest is used for the operating expenses of the Art Institute. This method of forming an endowment has proved very satisfactory. The result to date is as follows:

## REPORT OF THE TRUSTEES

ATTENDANCE.—The attendance in the Museum since June 1 was 461,118; in the School, 2,117; in the Library, 41,423. Details of these statistics will be found on page 56.

THE FERGUSON FUND.—The Trustees of the Art Institute are also the Trustees of the B. F. Ferguson Monument Fund, and it seems fitting to report here the results of their management of this trust. The first monument to be erected from the proceeds of this Fund was the Ferguson Fountain of the Great Lakes, designed by Lorado Taft, and dedicated on September 9, 1913.

The second monument commission was also a fountain designed by Lorado Taft called The Fountain of Time, and work on the model for this is under way. The Trustees are now arranging for the erection of a third monument from the income of this Fund. This will commemorate the one hundredth anniversary of the admission of the State of Illinois to the Union and will be dedicated on the 3rd of December, 1918. It will take the form of a Doric column, approximately fifty feet high, placed upon a high pedestal decorated with figures in low relief. Surmounting the column will be a bronze eagle, the national emblem. Mr. Henry Bacon of New York is the architect. The monument will be erected upon a site in Logan Square, granted by the West Park Board of Commissioners. The B. F. Ferguson Fund at present

amounts to \$1,100,393.59. The income on the same, paid to the Art Institute during the past seven months, was \$23,094.96.

The policy of the Art Institute to lend its treasures to sister museums has been a liberal one. During the year the Trustees have authorized the loan of six oil paintings by Manet, Sorolla, Mary Cassatt, Dannat, Zorn and Winslow Homer, and twelve etchings by Zorn, to the Minneapolis Institute of Arts for its inaugural exhibition. Four paintings by Charles LeBrun, Charles Loring Elliott, Charles Sprague Pearce and Benjamin West have been lent to the Panama-Pacific International Exposition. The portrait of William M. R. French by Louis Betts, which was lent to the Corcoran Gallery of Art for its Biennial Exhibition in December, has also been sent to the Panama Exposition.

## THIRTY-SIXTH ANNUAL REPORT OF THE DIRECTOR

Chicago, January 1, 1915.

*To the Board of Trustees of the Art Institute of Chicago:*

In the last seven months there has been great activity in the conduct of all museum affairs.

EXHIBITIONS.—Twenty-one temporary exhibitions have been held. The annual exhibition of the work of students of the Art Institute, which was in progress at the time of the last report, was followed in the summer months by paintings by Paul Dougherty and Jonas Lie and by a collection of works by American and European artists, assembled by the American Federation of Arts as a traveling exhibition. The Art Institute was fortunate as usual in being able to show during the summer private collections not otherwise available to the public. In addition to the paintings from Mr. Ryerson's collection and Mrs. Chauncey J. Blair's Collection of Mediaeval and Renaissance Art, which are still in place, there were shown collections of paintings belonging to Mrs. W. W. Kimball, Mr. Hutchinson, Mr. Edward B. Butler and Mr. Henry C. Lytton. This provided a summer season as interesting and important as other seasons of the year. This is greatly to be desired because the summer brings many strangers to the city, who visit the Art Institute in increasingly large numbers.

## THE ART INSTITUTE OF CHICAGO

The annual exhibition of Industrial Arts which opened the autumn season was very agreeably installed and marked a distinct advance over exhibitions of previous years. Five new prizes were offered this year, the Mrs. Frank B. Stout Prize of one hundred dollars for metal work and four prizes of twenty-five dollars each given by the Municipal Art League of Chicago for the best exhibits of work by craftsmen in the state of Illinois. A complete list of honors and prizes awarded will be found on pages 53-54 of this report.

The annual exhibition of American Art was one of the most comprehensive collections of American Art ever shown in the Art Institute.. This was true notwithstanding the fact that the Paris consignment was lacking. The prize awards in this exhibition will be found on page 53.

In December came seven "one-man shows," unusually interesting and varied: paintings by Charles H. Woodbury, George Bellows, Robert Vonnoh, Charles Warren Eaton, sculpture by Bessie Potter Vonnoh, and etchings by Earl H. Reed. On December 21 there was opened an exhibition of the Art of the Theater, consisting of scenic models and reproductions and sketches of costuming and staging, assembled by Mr. Sam Hume of Cambridge, Mass. This is the first time an American museum has held a comprehensive exhibition of stage craft.

## REPORT OF THE DIRECTOR

The exhibition of recent German paintings, which was anticipated with much interest, has been postponed on account of the war. The war also has been responsible for the deferment of arrangements for an exhibition of Polish art.

A complete list of exhibitions will be found on page 47; of prizes and honors, on page 55; publications, on page 51; of lectures, on page 49.

**CARE OF COLLECTIONS.**—Work on the permanent collections has resulted in many improvements in appearance and installation. Important changes have been effected in the casts of sculpture and architecture under the supervision of Dr. Alfred Emerson, especially in the execution of facsimile colorings. Mr. H. A. Hammond Smith of New York has paid two visits to the Art Institute to clean and repair paintings.

**MUSEUM INSTRUCTION.**—The department of museum instruction, in charge of Mrs. Hall, with Miss Carson as assistant, has had a successful year. The total number of persons availing themselves of docent service in groups, classes or private lessons was 5,600. The total receipts from fees were \$708.75. The question of instruction for children of Chicago public schools has been receiving serious attention. The Art Institute has always admitted free to the galleries children of the Chicago public schools and their teachers; and for some years members of the staff have given talks in the

## THE ART INSTITUTE OF CHICAGO

galleries and class-room to those who have applied. But no systematic effort has been made to introduce all Chicago school children to the Art Institute and to provide for them suitable instruction about the collections. To devise the best means of accomplishing this a meeting was held at the Art Institute in the summer, attended by representatives of the Board of Education, Municipal Art League, Public School Art Society, School Art Departments, Illinois Congress of Mothers, and General Federation of Women's Clubs. It was agreed that a committee be formed to consider suggestions and devise a plan; and that this committee be a delegate body composed of a representative and an alternate from each organization interested.

SCHOOL.—The Ceramic Department has suffered the loss of its chief instructor, Mrs. Abbie Pope Walker, who died on December 1, 1914. Miss Laura Stoddard is taking charge of the classes in ceramic painting, pending the appointment of Mrs. Walker's successor. Mr. Walter Marshall Clute, instructor in illustration, and lecturer on composition in the evening school, has been given an extended leave of absence. Mr. F. DeForrest Schook is conducting Mr. Clute's classes.

During the term just completed a series of lectures on Antique and Renaissance sculpture was given by Dr. Emerson. All the students of the

## REPORT OF THE DIRECTOR

Elementary, Intermediate and Antique classes were required to attend these lectures.

The classes in mural decoration continue to be busy with practical work. Three panels for the Wallace School at Hammond, Indiana, have been completed recently; and students are now engaged on a decoration for the High School at Vincennes, Indiana. Commissions for decorations have been given, also, for the McAllister and Mozart Schools of Chicago, and for schools at Highland Park and Decatur.

A new pottery kiln has been installed. This will greatly facilitate the work of the pottery and modeling classes.

The Tuesday Art and Travel Club, which has made for a number of years an important scholarship gift, has announced its intention of continuing annually to give \$500 for five \$100 scholarships.

**REPRODUCTIONS.**—From June 1 to December 31, 1914, there were 3,085 copies of the new Art Institute color prints sold at twenty-five cents each, an average of 440 per month. During the past seven months the total sales of post cards were 151,555, an average of 21,650 per month. The total sales of all reproductions from June 1 to December 31, 1914, were \$3,378.23, as against \$1,411.50 for the corresponding period in 1913. An illustrated price list containing all of the reproduc-

tions on sale at the Institute, including photographs, post cards, etc., has been issued.

CONCERTS.—The Sunday afternoon orchestra concerts and evening opera concerts given in Fullerton Memorial Hall, continue to be very popular. During this period nine evening concerts were given, with an attendance of 3,949, giving an average of 438. Two afternoon concerts were given on twelve Sundays, the average attendance being 893.

The Art Institute was the scene of several important meetings of the Biennial Convention of the General Federation of Women's Clubs, which was held in Chicago, June 9 to 19. Delegates were admitted free to the galleries at all times. Talks were given in the galleries, lectures in Fullerton Memorial Hall, and on the evening of June 11th a large reception was held attended by more than 8,300 guests. Special exhibitions held by the Chicago Society of Artists and the Public School Art Society were hung in the galleries during the period of this Convention.

Very respectfully,

NEWTON H. CARPENTER,

Director pro tem.

A.," by McKay & Roberts; "Art Stoneware of the Low Countries and Germany," by Solon; and "Old English Glasses," by Hartshorne.

Photographs of objects in the Egyptian and Ceramic departments of the Metropolitan Museum of Art, sculpture in the British Museum, and 100 reproductions of paintings in the Pennsylvania Academy of the Fine Arts, have also been added. About one-half of the 550 lantern slides purchased are on German architecture and sculpture; other subjects are Russian painting, Greek ceramics and views of Aus-

tria. Loans from the photograph and lantern slide collections have been made to clubs, churches, societies, etc., in thirteen states, including California, Washington and Texas, and one set of slides was recently sent to London, England, for a lecture on American painting.

THE BURNHAM LIBRARY OF ARCHITECTURE.—In September, the Burnham Library completed negotiations for the purchase of 215 volumes of magazines on architecture from the John Crerar Library. This library has now cancelled all subscriptions to magazines on architecture. Thus the field of architecture is left entirely to the Burnham Library. Among other additions to the Library since June are: "A Monograph of the Work of McKim Mead and White, 1879-1915"; "Grinling Gibbons and the Wood-work of his Age," by H. A. Tipping; "The Old Colleges of Oxford," by Vallance, and "Programme of the Federal Parliament House Architectural Competition of the Australian Commonwealth." The largest single gift was from the Illinois Chapter of the American Institute of Architects. It consists of 102 books and magazines which had been in the library for some years as a loan. There are now 1,560 volumes in the Burnham Collection.

Respectfully submitted,

SARAH LOUISE MITCHELL,

*Librarian.*
